KUBU INDAH DIVE SPA RESORT

# Tropical Escape

Telling the story of a resort as a communication subject is a challenge in itself. We curate the authentic value of this place to present it as an indispensable choice.

We starting from the distinctive location nestled behind the foothills of Mount Agung, the most sacred mountain on the island of Bali. The area is quiet and away from the hustle and bustle of the city noise.

Standing right on the shores of Bali's tranquil northeast coast with its elegant blend of black sand, supported by prime facilities for diving enthusiasts and the beauty of its marine life.

We captured every curve of the magical nuances presented there with the best choice of time and supported by talent profiles that match the target segmentation to get the best representation of the beauty offered.
